

RESILIENT LEADERSHIP

ANNUAL CONFERENCE 2017
DECEMBER 6-8, MONTEREY

ABOUT THE CONFERENCE

For more than 30 years, the CAPH/SNI Annual Conference has been a place for public health care system leadership, state and local officials and their staff, and representatives from advocacy organizations and foundations to gather, connect, learn, and be inspired.

The CAPH/SNI Annual Conference celebrates and informs the work being done by California’s public health care systems to fulfil their essential safety net mission and mandate – to provide the right care in the right place at the right time to everyone, regardless of insurance status, ability to pay, or other circumstance, while competing in the health care marketplace.

The conference features networking and learning opportunities for attendees, and keynote sessions with guest speakers who are recognized experts from the worlds of health care practice, policy and politics.

ABOUT SPONSORSHIP

CAPH/SNI Annual Conference sponsors can meet and network with leaders and executives from California’s 21 public health care systems, as well as well-regarded figures from across the state and federal health care landscapes.

Sponsors are recognized and thanked for their valuable contribution to this once-a-year opportunity for those who provide care to California’s most vulnerable, and include complimentary registrations, including entrance to our Thursday evening gala.

Depending on their level of contribution, sponsors can also enjoy high-visibility recognition at conference events, exhibitor tables, access to a hospitality suite for small-group meetings and presentations, executive introductions facilitated by a liaison from the CAPH/SNI staff, as well as speaking opportunities.

	Emerald (\$2,500)	Bronze (\$5,000)	Silver (\$10,000)	Gold (\$15,000)	Platinum (\$25,000)
